

HIGHLIGHTS

**You want to cook easy, quick and delicious meals?
Küppersbusch is your brand!**

Since its foundation more than 140 years ago, the traditional brand has been defined by a perfect synergy between form and function. At Küppersbusch, the know-how for household appliances is based on the experiences gained in professional kitchens.

The perfectly aligned built-in appliances guarantee inspiring moments and more joy in the kitchen than ever before.

We herewith present our Highlights from our current range. Detailed information you will find on our home-page and in our online catalogue which can be downloaded on:

www.kupperbusch.com

SHADE OF GREY

Remarkably discreet. The new Küppersbusch series »Shade of Grey« stands out with its cool elegance, preparing space for your individual colour accents. Be inspired!

Individual + precious

KÜPPERSBUSCH INDIVIDUAL

Nobody is like you. Always stay true to yourself, even in your kitchen, and adapt your Küppersbusch appliances to your preferences with the Individual Concept.

Individual + unique

Küppersbusch: Maximum design flexibility when choosing your appliances.

Our promise of **maximum individuality** not only refers to the design of the appliances but also to their technical features. By offering a uniform design of cover panels and handles, we enable you to combine elements from the **Profession+**, **Premium+** or **Comfort+** series. For maximum freedom of choice!

COORDINATED DESIGN

Do you prefer white appliances? A black hob doesn't really match, does it? No problem. With us, everything matches perfectly. Steamer, coffee machine, hob or cooktop extractor, cooker hood, fridge etc. You can of course choose everything in black or grey ...

The new **induction hob-level** extractor unit is both cooking zone and extractor fan in one! This is an especially effective form of hob ventilation, as grease and steam are extracted directly at the source and are not carried through the room.

The surface of the KMI 9800.0 is refined with the **SCHOTT CERAN® Miradur™** coating. Through this patented, particularly resistant surface, the hob is permanently protected against scratches, because the surface hardness improved from 6 to approximately 9.5 on the Moh's hardness scale when compared to conventional glass ceramic hobs. Further hobs with Miradur™ can be found in our wide cooking range.

1=2

The **sous-vide** programme in our steam cookers and steam ovens. With this method, meat, fish or vegetables are cooked gently inside a vacuum bag at temperatures below 100° C.

You are perfectly equipped for sous-vide cooking with the **Küppersbusch vacuum drawer**. But it is also ideal for storing foods or already cooked foods.

SOUS-VIDE

BEAUTIFUL, POWERFUL AND SILENT – OUR COOKER HOODS

Goodbye cooking odors! Our cooker hoods provide you with a pleasant cooking atmosphere, avoiding greasy soiling and moisture damage. And they look really good.

Individual + efficient

For Küppersbusch cooker hoods with recirculation air: **PlasmaMade** is an innovative air filter that ensures a healthy indoor climate.

MULTISTEAM

With the Küppersbusch ovens with steam function, you can choose to do pure **STEAM COOKING with 100% steam** or use a combination of steam and hot air. So you can select the perfect setting for every dish you cook. Casseroles, puddings or custard royale turn out best with the **COMBINED STEAM COOKING** function (50% steam and 50% hot air). Meanwhile, the **VARIO STEAM COOKING** function is ideal for baking bread and for cooking meat and poultry dishes (25% steam and 75% hot air).

Cooking can be so simple!

The new Profession+ appliances: time-saving, simple and comfortable.

Ovens and steam cookers can be remote controlled with the K-Connect app.

Wherever you are: programmes and settings can be selected from anywhere. This way, your dinner is ready when you come home.

gold**

**Award in June 2017:
Küppersbusch has won gold at the German Brand Award**

The German Brand Award honours successful brand leadership in Germany.

Those who manage to leave the fierce competition behind prove that they are among the greatest businesses in the country. We are proud to be the best!

For more than 140 years, our products have been defined by palpable quality.

With this approach to quality, we have time and again developed kitchen appliances that set new standards in terms of their design, performance and function. Thanks to our **quality management system** in accordance with **DIN ISO 9001** we can structure all our processes in such a way as to give our customers end-to-end quality assurance.
